The advisory commission discussed and agreed to provide a letter of support for Director John Scott's Director Nomination hearing. Commissioner Kenney agreed to write the letter of support before January 13, 2025. Chairman Cushman called for a motion to write a letter of support for Director John Scott on behalf of the commission and submit the letter as written. Vice Chairman Byers moved to write the letter of support for Director John F. Scott's nomination and submit the letter as written. Commissioner Crego second the motion. The commission unanimously agreed for Commissioner Kenney to write a letter of support on behalf of the Commission.

Next Steps - Arizona Military Museum Matter-

The commission discussed next steps regarding the Arizona Military museum. The commission was divided; some commissioners believe this matter is not within the purview of the commission, while others believe it is. Commissioner Kenney expressed his concern that the Governor's office is who needs to take the initiative in regards to this matter, not the commission. Chairman Cushman reminded the commission this matter can become political and the commission must remain bipartisan.

The Commission would like to write a letter to the Governor and her staff to inform them of the matter that was brought to the Commission's attention in regards to the closure of the Arizona Military Museum and the interest from the Veteran community to re-open the museum. The commission would like to facilitate discussions regarding this matter on both sides of the situation.

Commissioner Gallowitz suggested the commission write the letter to the Governor's staff to make them aware of the matter, explain how the museum is a community asset, and inform them the veteran community would like to see it re-open. She would like to express the commission's interest in being part of the solution. She also suggested the commission send a letter to the Adjutant general, stating the commission's concern regarding the closure of the museum and ask how the commission can be part of the

solution. Commissioner Crego agrees the commission should send a letter the Adjutant General in hopes to get a meeting scheduled and frame the letter in a way that is soft and will keep the National Guard informed. Commissioner Byers motioned to write a soft letter explaining the matter brought to the Commission's attention regarding the closure of the Arizona Military Museum. Chairman Cushman made an amendment to that motion stating the commission will write two letters, one to the Governor and her staff and the second letter to the Adjutant General. Commissioner Gallowitz made a second amendment to the original motion. She would like the letter to state the Commission believes this is an important issue, veterans care about this issue, and the commission would like to see a resolution. Commissioner Gibbs expressed his objection to the motions. The commission voted to write both letters. The motions passed with six (6) approval votes one (1) opposing vote.

Chairman Cushman called for volunteers to join a sub-commission group that will be working on both letters. Joining the sub-commission is Joshua Rubin, Patrick Lynch, and Commissioners Byers and Cushman. Commissioner Meshel volunteered to review the letter to ensure the commission remains within its scope. The commission will meet in early February, date to be determined, to review the letter to the Governor's office and the National Guard.
