Dear Arizona Veterans,

You are an important asset to the State of Arizona. After taking the uniform off, many continue to serve our state and communities in numerous ways. We owe it to you, our veterans, to ensure that you receive the benefits that your service has earned.

The Arizona Department of Veterans' Services is a vital link in connecting our veterans with their benefits. One of its main missions is to help you navigate the maze of veterans' benefits available and to be your advocates in ensuring you receive all the benefits to which you are entitled.

This book highlights some of the most common benefits that are available

On behalf of the citizens of the State of Arizona, thank you for your service.

Sincerely

Douglas A. Ducey
Governor
State of Arizona

A BRIEF GUIDE FOR VETERANS

Your honorable service in the U.S. Armed Forces entitles you to a number of benefits from the US Department of Veterans Affairs (VA) and, in certain cases, from the State of Arizona. The purpose of this guide is to provide you with an overview to get you started in the right direction.

Refer to www.azdvs.gov for additional information.

WHO CAN YOU CALL FOR ANSWERS AND ASSISTANCE?

ADVS helps veterans and their dependents navigate federal and state programs of benefits and entitlements from their date of discharge until providing benefits for their last dependent. In Arizona, there are Veterans Benefits Counselors (or VBCs) stationed in or traveling to all population centers of the state. These individuals serve as the local contact person for veterans and provide assistance in applying for the various benefits and programs that are available for veterans. The agency has been committed to providing VBC services within a one-hour drive of all veterans. See the listing in the back of this booklet for locations and phone numbers.

**The mission of the Arizona Department of Veterans' Services is:
*"Enriching and honoring Arizona's veterans and their families
through education, advocacy and service."***

The Veterans Benefits Counselor (or VBC) serves as an advocate for veterans and provides assistance with claims.

Proudly serving Arizona's veterans as they have served us.

VETERANS BENEFITS - FEDERAL

DD FORM 214

Your Certificate of Release or Discharge from Active Duty is one of the most important documents you will ever receive and should be kept in a safe place. If you wish to apply for one or more of the veterans' benefits you have earned through your military service at any time, you will be required to submit a copy of your DD-214. You may request a duplicate DD214 by requesting it online at www.vetrecs.archives.gov.

SERVICE CONNECTED DISABILITIES

Service Connected Disability compensation is payable to wartime or peacetime veterans who incur or aggravate a disability while on active military service. Active military service may also include any period of active or inactive duty for training.

Some important things to remember for establishing service connection:

- It is the veterans' responsibility to file a claim for SC.
- Those on active duty should be advised to get treatment for any injury or illness and request copies of their service medical records.
- Claims for SC should be filed immediately following discharge, (if not filed while on Active Duty and have less than 60 days until separation or retirement). Have less than 180 days until separation or retirement
- Once SC is established, the VA will provide free medical treatment for the condition or conditions.

The VA rates disabilities from 0% to 100% (In 10% increments) disabling, depending upon the severity of the condition(s). If at any time the service connected condition(s) worsen, the veteran may request an increased rating.

COMPENSATION RATES 12-01-2014(for a single veteran)

10%	20%	30%	40%	50%
\$133.17	\$263.23	\$407.75	\$587.36	\$836.13
60%	70%	80%	90%	100%
\$1,059.09	\$1,334.71	\$1,551.48	\$1,743.48	\$2,906.83

Any veteran entitled to compensation and whose disability is rated not less than 30% shall be entitled to additional compensation for dependents.

See <http://www.vba.va.gov/VBA/> for current rates.

DEPENDENCY & INDEMNITY COMPENSATION (DIC)

Effective December 1, 2012, the monthly rate of DIC payable to a surviving spouse is \$1,215, if the veteran's death was on or after January 1, 1993. Additional allowance of \$258 is payable where the veteran was rated totally disabled for at least 8 years prior to death. For each dependent child under the age of 18, add \$301.

VA MEDICAL CARE

Generally speaking, all veterans are eligible to apply for medical treatment at a VA Medical Center. Under the current eligibility criteria, those who do not have any service connected disabilities are subject to a 'Means Test' to determine which Priority Group they fit into and whether or not they will have to make a co-payment for their care.

Important note: Military personnel who recently served in a Post 911 combat zone are eligible for free medical care at a VA Medical facility for a period of five years following discharge from active duty, for conditions possibly related to their military service. This does not include medical problems such as a common cold or injuries from an accident which happened after the service member was discharged from Active Duty.

HOME LOAN GUARANTY

VA guaranteed loans are made by private lenders such as banks, savings & loans and mortgage companies. A major advantage of the VA Home Loan Guaranty is that it often eliminates the need for making a large down payment that is generally required in the purchase of a home. To use this program, the veteran must first apply for a Certificate of Eligibility from the VA.< with an original or certified copy of DD-214

Veterans of the Gulf War era — August 2, 1990 to a date to be determined, must generally complete 24 months of continuous active duty service or the full period (at least 90 days) for which they were called to active duty, and be discharged under other than dishonorable conditions.

PENSION

Veterans who served during wartime and have a financial need may apply to the VA for a non-service-connected, income based pension.

BURIAL BENEFITS

Burial benefits for veterans and their dependents may be available. Contact a VBC for additional information on burial, headstones, and survivors' benefits.

Before benefits can be received the program will need to be approved by the Arizona State Approving Agency, which is part of the Arizona Department of Veterans' Services. The following is a listing of the various chapters and their general eligibility requirements:

MONTGOMERY GI BILL - ACTIVE DUTY (CHAPTER 30)

CHAPTER 1607 - OVERVIEW OF PROVISIONS

Purpose of Chapter 1607 – Chapter 1607 provides educational assistance to members of the reserve components called or ordered to active duty in response to a war or national emergency (contingency operations) as declared by the President or Congress.

Note: "Contingency operations" as defined in title 10 U.S. Code means "military operations that are designated by the Secretary of Defense as an operation in which members of the armed forces are or may become involved in military actions, operations or hostilities against an enemy of the United States or against opposing military force; or results in the call or order to, or retention on active duty of members of the uniformed services under section 688, 12301(a), 12302, 12304, 12305, or 12406 of 10 U.S.C., chapter 15 of 10 U.S.C., or any other provision of law during a war or during a national emergency declared by the President or Congress."

Educational Assistance Program Under Chapter 1607 – The Secretaries of each military service, under regulations prescribed by the Secretary of Defense, and the Secretary of Homeland Security (for the Coast Guard) will establish this program to provide educational assistance to members of the Ready Reserve.

Eligibility – A member of a reserve component who serves on active duty on or after September 11, 2001 under title 10 U.S. Code for a contingency operation and who serves at least 90 consecutive days or more is eligible for Chapter 1607. National Guard members also are eligible if their active duty is under section 502(f), title 32 U.S.C. and they serve for 90 consecutive days when authorized by the President or Secretary of Defense for a national emergency and is supported by federal funds. Individuals are eligible as soon as they reach the 90-day point whether or not they are currently on active duty. DoD will fully identify contingency operations that qualify for benefits under Chapter 1607.

Disabled members who are injured or have an illness or disease incurred or aggravated in the line of duty and are released from active duty before completing 90 consecutive days are also eligible.

Note 1: *The "reserve components" consist of Army Reserve, Naval Reserve, Air Force Reserve, Marine Corps Reserve, Coast Guard Reserve, and the Army National Guard and the Air National Guard.*

Note 2: *A "member of a reserve component who serves on active duty" includes persons from the Selected Reserve and the IRR (Individual Ready Reserve). "Contingency operation" does not just mean the current Iraq or Afghanistan operations. DoD will advise VA as to what the authorized contingency operations are. The key issue is: Did a person serve in a contingency operation on or after September 11, 2001? Call-up after that date is not necessarily a requirement.*

Benefits Under Chapter 1607. The educational assistance allowance payable under Chapter 1607 is a percentage of the Chapter 30 3-year rate (Category 1B rate) based on the number of continuous days served on active duty. The full-time rate in the table below is the rate for full-time institutional training under Chapter 1607.

The 48-month limitation when combining two or more education programs applies to Chapter 1607. The restoration of entitlement provision applies to members under Chapter 1607 who after they become eligible for Chapter 1607, have to discontinue their education and fail to receive credit for coursework due to call-up.

Programs – Approved educational programs under 1607 will include any educational programs approved under Chapter 30 of title 38 U.S.C.

Written Notification –The law requires DoD to provide members a written notice summarizing the provisions of Chapter 1607 upon release from active duty. DoD will provide details as to the type of written notice they will provide.

Bar to Dual Eligibility – A member may not use the same period of service to qualify for benefits under Chapter 1607 and Chapter 30 of 38 U.S.C. The member must make an irrevocable decision as to which program to credit the service.

Bar to Duplication of Educational Assistance Allowance – If a member is qualified for Chapter 1607, Chapter 1606 of 10 U.S.C. or Chapters 30, 31, 32 or 35 under 38 U.S.C., or the Hostage Relief Act of 1980, he or she may not receive assistance under more than one program at one time. The member must elect which program of assistance he or she wishes to receive.

Chapter 1606 Kickers – The Chapter 1606 kicker will be paid to a member who was otherwise entitled to a Chapter 1606 kicker before call-up and will now receive benefits under Chapter 1607.

Duration of Entitlement to Chapter 1607 – In the case of a member called or ordered to active service while serving in the Selected Reserve, this person remains entitled under Chapter 1607 by continuing to serve in the Selected Reserve after being released from active duty. In the case of a member called or ordered to active service while serving in the Ready Reserve, this person remains entitled under Chapter 1607 by continuing to serve in the Ready Reserve after active duty. (The latter provision refers to individuals called up from the IRR. To continue to be eligible after their active duty, they must continue to serve in the IRR. However, they do not have to continue to serve in the Selected Reserve.)

Note: *There is no fixed delimiting period for persons eligible under Chapter 1607 as there is for all of the other VA education programs. There is one exception: If a member is separated from the Ready Reserve for disability which was not the result of the individual's own willful misconduct, the person is entitled to Chapter 1607 benefits for 10-years after the date of entitlement.*

Effective Date of Benefits – Chapter 1607 benefits may be paid before the date of enactment the law. Chapter 1607 benefits are potentially payable from Dec. 9, 2001 (90 days after Sept. 11, 2001) for persons who were serving on a contingency operation on Sept. 11, 2001 and who were in school on Dec. 9, 2001.

Termination of Assistance Under Chapter 1607 – Members receiving assistance under Chapter 1607 will have benefits terminated if they receive financial assistance under section 2107 (ROTC scholarship) of title 10 U.S.C. or when the person separates from the Ready Reserve. This is a permanent termination, but the member could be entitled to a resumption of benefits under chapter 1607 at a later date due to a different qualifying period of service.

VA VOCATIONAL REHABILITATION & EMPLOYMENT (CHAPTER 31)

Veterans and service members who served in the Armed Forces on or after Sept. 16, 1940, are eligible for vocational rehabilitation if three conditions are met:

1. They suffered a service-connected disability or disabilities in active service which entitle them to at least 20% compensation. Veterans with a 10% disability also may be found eligible if they have a serious employment handicap.
2. They were discharged or released under other than dishonorable conditions or are hospitalized awaiting separation for disability.
3. VA determines that they need vocational rehabilitation consistent with their abilities, aptitudes and interests to overcome an employment impairment. Their service-connected disabilities must materially contribute to this handicap.

Generally, the veteran must complete a rehabilitation program 12 years from the date VA provides notice of entitlement to compensation. This period may be deferred or extended if a medical condition prevented the veteran from training for a period or if the veteran has a serious employment handicap.

Disabled veterans may receive services until they have reached their rehabilitation goal, but the duration generally may not exceed 48 months. VA may provide counseling, job placement, and post-employment services for an additional period not to exceed 18 months. A disabled veteran may receive employment assistance, self-employment assistance, training in a rehabilitation facility, and college and other training. Severely disabled veterans may receive assistance to improve their ability to live independently.

VEAP – ACTIVE DUTY (CHAPTER 32)

Changes to the Post-9/11 GI Bill based on P.L. 111-377

On January 4, 2011, President Obama signed the Post 9/11 Veterans Educational Improvements Act of 2010 into law. The legislation amended the Post-9/11 GI Bill, modifying the rules governing the way the VA makes eligibility, award and entitlement calculations. The provisions vary in their effective dates, with some effective dates of enactment (January 4, 2011) and the later provisions, effective on October 1, 2011.

Effective Date of Enactment (January 4, 2011)

The following types of entry level and skill training are now excluded from the computation of total aggregate services needed to qualify for Post-9/11 benefits.

- Army One Station Unit Training
- Coast Guard Skill Training
- Active Duty Service Obligation (ADSO) associated with Coast Guard academy graduation.

An Honorable character of service is now required for all service periods ending on or after January 4, 2011, including those with the following separation reasons.

- A condition interfering with duty (CIWD)
- A condition prior to service (EPTS)
- A hardship (HDSP)

CIWD, EPTS, and HDSP discharges prior to January 4, 2011, that are not Dishonorable may still be qualifying

Effective immediately but *Not Payable* until October 1, 2011:

Expands the Post-9/11 GI Bill to include National Guard members who are on active service under title 32 U.S.C orders. "*for the purpose of organizing, administering, recruiting, instructing, or training*", or under section 502(f) "*for the purpose of responding to a national emergency*".

Effective 60 after the dates of enactment (March 5, 2011)

Limits active duty members to the net cost of tuition and fees prorated based on the eligibility tiers (40%-100%) previously established for Veterans.

- Same limitations apply to transferee spouses of active duty service members
- This will apply to terms beginning on or after March 5, 2011
- Applies to degree programs with a rate of pursuit of more than one and a half time.

Effective August 1, 2011

For Veterans and their transferees: Simplifies the tuition and fee rates for those attending a public school and creates a notional maximum for those enrolled in a private or foreign school. NOTE: The Yellow Ribbon Program still exists for out of state fees and costs above the cap.

- Pays all public school in-state tuition and fees
- Private and foreign school costs are capped at \$19,198.31 annually and are pro-rated based on eligibility tiers (40%-100%)
- Pro-rates housing allowance by the students rate of pursuit (rounded to the nearest tenth) *Example: A student training at a rate of pursuit of 75% would receive 80% of the BAH rate.*

For Active Duty Members and their transferees: Creates a national rate for those active duty members enrolled in a private or foreign school pursuing a degree

- Pays all public school in state-tuition and fees
- Private and foreign school costs are capped at \$19,198.31 annually and are pro-rated based on eligibility tiers (40%-100%)

Housing allowance rates will change effective August 1 of each year, not Jan 1

Allows those who are eligible for both Vocational Rehabilitation and Employment (chapter 31) and Post-9/11 GI Bill benefits to choose a higher subsistence allowance equal to the basic allowance payable to an E-5 with dependents based on the zip code area where the school is located.

Allows the VA to pay MGIB (chapter 30) and MGIB-SR (chapter 1606) "kickers" or college fund payments on a monthly basis instead of a lump sum at the beginning of the term. Kickers will be paid regardless of the rate of pursuit or eligibility for the Monthly Housing Allowance. The applicable (MGIB or MGIB-SR) full time kicker rate, will be multiplied by the rate of pursuit.

Break or interval pay is no longer payable under any VA education benefit program unless under an executive order from the President or due to an emergency such as a natural disaster or strike.

EXAMPLE: If your semester ends December 15th, your housing allowance is paid for the first 15 days of December only and begins again when your next semester begins on January 10th

- Students using other VA education programs are included in this change and monthly benefits will be pro-rated in the same manner.
- Entitlement that previously would have been used for break pay will be available for use during future enrollment.

Allows reimbursement for more than one license or certification test (previously only one test was allowed)

Allows reimbursement of fees paid to take national exams used for admission to an institution of higher learning (e.g. SAT, ACT, LSAT,) *NOTE: Entitlement will be charged for these fees/tests.*

Your contributions are matched on a \$2 for \$1 basis by the Government. You have 10 years from your release from active duty to use VEAP benefits. VA WORK STUDY PROGRAM

If you're a full-time or 3/4-time student in a college degree, vocational, or professional program, you can "earn while you learn" with a VA work-study allowance.

The VA work-study allowance is available to persons training under; Montgomery GI Bill--Active Duty (Chapter 30), Vocational Rehabilitation (Chapter 31), VEAP (Chapter 32), Dependents' Educational Assistance Program (Chapter 35), Montgomery GI Bill--Selected Reserve (Chapter 1606).

VA will select students for the work-study program based on different factors. Such factors include:

- Disability of the student
- Ability of the student to complete the work-study contract before the end of his or her eligibility to education benefits
- Job availability within normal commuting distance to the student
- VA will give the highest priority to a veteran who has a service-connected disability or disabilities rated by VA at 30% or more

The number of applicants selected will depend on the availability of VA-related work at your school or at VA facilities in your area.

You'll earn an hourly wage equal to the Federal minimum wage or your State minimum wage, whichever is greater. If you're in a work-study job at a college or university, your school may pay you the difference between the amount VA pays and the amount the school normally pays others doing the same work-study job.

You may work during or between periods of enrollment. You can arrange with VA to work any number of hours you want during your enrollment. But, the total number of hours you work can't be more than 25 times the number of weeks in your enrollment period. Services you perform under a VA work-study program must be related to VA work. Examples of acceptable work are:

- Processing VA paperwork at schools or VA offices
- Performing outreach services under the supervision of a VA employee
- Performing services at VA medical facilities or the offices of the National Cemetery Administration

The work you actually do will depend on your interests and the type of work available.

To obtain information on other sources of assistance, contact the financial aid office at your school.

What job protections are provided under USERRA?

In October of 1994, the President signed the Uniformed Services Employment and Reemployment Rights Act (USERRA). This law is the latest version of a series of statutes since the 1940's intended to give protection for civilian jobs to those individuals who serve their country in the Armed Forces. USERRA is administered by the Veterans' Employment and Training Service (VETS) of the United States Department of Labor.

USERRA ensures that eligible persons, including members of the uniformed services, do not lose their jobs or employment benefits because of their military service.

A person who leaves a civilian job for the purpose of determining fitness for or performing service in the uniformed services, voluntarily or involuntarily, is entitled to return to his or her job if the eligibility criteria of USERRA are met.

- Give advance written or verbal notice of the service to the person's employer (exceptions exist).
- Not exceed a cumulative length of uniformed service of five years with any one employer (exceptions exist).
- Report to work or submit an application for reemployment to such employer within the required time frame.
- Be released from the military under conditions other than those listed in USERRA as disqualifying (applies to all types of service).

If the service period was longer than thirty days, and if the employer requests, the service member must provide documentation that shows the timeliness of the application, that the service limitations were not exceeded, and the character of service is not disqualifying. The employer cannot delay reemployment in the absence of this documentation.
